

ANTHONY E. OLIVER, AIA
Founding Principal

Oliver Design Group is the culmination of over 30 years of experience as the “Alpha Team” of Oliver-Glidden-Spina & Partners, a full-service architectural firm based in Palm City, Florida and serving Palm Beach County and the Treasure Coast. Founded in 1975 by Ed Oliver and John Glidden, OGS&P significantly helped shape much of Palm Beach County. In late 2008, the two principals restructured the corporation to allow more flexibility for each to pursue their individual business objectives.

Mr. Oliver is a 1968 graduate of the University of Florida School of Architecture. With the combination of his creative design ability and his business experience, Ed has designed several award-winning buildings in south Florida including: Crocker Plaza and Town Executive Center, Boca Raton; Reflections Office Center and Seaboard Train Station, West Palm Beach; South County Courthouse, Delray Beach; Fidelity Investments, Palm Beach; and Wackenhut Corporate Headquarters, Palm Beach Gardens. Mr. Oliver oversees the design, management and orchestration of all aspects of each project from beginning to end to ensure that the final output expresses the Client’s budget, program, needs and image.
